

Biographical Sketch

Annie Schmidt

Research Associate
Point Blue Conservation Science
3820 Cypress Dr. #11
Petaluma CA 94954

Phone: 209-840-3348
email: aschmidt@pointblue.org

Professional Preparation

BS, University of California, Santa Cruz, Marine Biology, 2003
PhD, University of California, Davis, Ecology, 2013

Professional Appointments

2014- Research Associate, Point Blue Conservation Science
2014-2015 Adélie Penguin Ecologist, Point Blue Conservation Science
2009-2012 National Science Foundation Graduate Research Fellow
2007-2013 Teaching Assistant, University of California, Davis

Publications

- Schmidt, A.E.**, K.E. Dybala, L.W. Botsford, J.M. Eadie, R.W. Bradley, J. Jahncke. Shifting effects of ocean conditions on survival and breeding probability of a long-lived seabird. Accepted in PLoS ONE.
- Schmidt, A.E.**, L.W. Botsford, J.M. Eadie, R.W. Bradley, E. Di Lorenzo, J. Jahncke. 2014. Non-stationary seabird responses reveal shifting ENSO dynamics in the northeast Pacific. *Marine Ecology Progress Series* 499:249-258.
- Schmidt, A.E.** 2013. The changing influence of ocean conditions on the demography and population dynamics of Brandt's cormorant (*Phalacrocorax penicillatus*) in central California. PhD Dissertation.
- Schmidt, A.**, P. Warzybok. First record of a bridled morph of the Common Murre in the Pacific. 2011. *Western Birds* 42(1): 45-48.

Synergistic Activities

- Referee: Journal of Geophysical Research – Atmospheres, Marine Ornithology, Ecology
- Student Mentor, University of California, Davis. 2010-2012. Mentored advanced undergraduates on independent research projects.

Collaborators in last 48 months (excluding colleagues on current proposal):

Louis W. Botsford, UC Davis	Pete Warzybok, Point Blue Conservation Science
John M. Eadie, UC Davis	Dan Robinette, Point Blue Conservation Science
Patrick Kilduff, UC Davis	Elizabeth L. Porzig, Point Blue Conservation Science
Jaime Jahncke, Point Blue Conservation Science	Keith Sakuma, NOAA NMFS
Kristen E. Dybala, Point Blue Conservation Science	John Field, NOAA NMFS
Meredith Elliott, Point Blue Conservation Science	Scott Jennings, Oregon State University and Point Blue
Russell W. Bradley, Point Blue Conservation Science	

PhD Advisors: Dr. Louis Botsford and Dr. John Eadie, University of California, Davis
