

Get a Postcard From Antarctica

Have your students design and create a **self addressed** and **stamped** postcard about penguins. Use the table to calculate the postage. As a class, send them to the address below and I will mail them back individually from the U.S. research station near the penguin colony. Each card will have the unique and valuable "Antarctica" postmark. **Please include contact information for receipt confirmation.** No commercially printed postcards will be returned.

FAQs

- 1) Can we use the pre-stamped post cards sold at the post office for only \$.34 each. **Yes**, these work best.
- 2) Can we use 3x5 cards as postcards? **NO**, the post office will not accept 3x5 cards. Minimum size is 3 ½ x 5 inches.
- 3) We have many students, and can not afford all the postage, can we still take part? **Yes**. Have your students draw a stamp on the post card. Mail the bundle of cards to me in a large envelope with a self address stamped large envelope for me to return them as a group.
