

# Get a Postcard From Antarctica

Have your students design and create a **self addressed** and **stamped** postcard about penguins. Use the table to calculate the postage. As a class, send them to the address below and I will mail them back individually from the U.S. research station near the penguin colony. Each card will have the unique and valuable "Antarctica" postmark. **Please include contact information for receipt confirmation.**

No commercially printed postcards will be returned.

### Option #1 Cards with postage

Have the cards returned individually to each student at their home or school. Create the cards as below and stamp them. See above for rates. Place them in a large envelope addressed to me at the address below. They will be returned with the official Antarctica postmark. For best results use the pre-stamped postcards purchased at the post office.

### Option #2 Cards without postage

For schools on a budget. Create the postcards but do not stamp them. See size requirements above. Place them in a large envelope addressed to me at the address below. Include a similar sized, self addressed and stamped envelope for me to send them all back to you. I will use our Cape Royds postmark and penguin stamps to show they made it to Antarctica. If it cost \$4.45 to send the cards to me, put \$4.45 on the return envelope. Domestic rates apply to and from Antarctica.

Classrooms outside the United States. Please contact me before sending cards. Only U.S. Postage is accepted.
